

# Looptag Alarm

## Versatile

- New flexible strap and rugged slot holder accomodates many products

## Adjustable

- Adujstable strap adheres perfectly and securely to any product

## Secure

- Patented design restricts maipulation of the tag by thieves

Looptag Alarm

The Looptag Alarm is a versatile security solution that can be adapted to fit any product with ease. Its adjustable loop not only ensures a perfect fit but also provides an added level of protection as it restricts the movement and manipulation of the tag, making it extremely difficult for thieves to remove or tamper with. With its robust design and highly sensitive alarm feature, Looptag Alarm guarantees complete safety for your merchandise at all times.
