Turtle™ 2.0 / Mini-Turtle™

Save Time

- Simple to attach and remove

Save Space

- No restriction when products are displayed

- Attractive product presentation

Fits any product

- Various band lengths available to fit most retail product sizes

Highly Secure

- High deterrent due to pre-alarm when lightly manipulated

- 3-Level alarm system provides triple protection of your merchandise

Turtle™ 2.0

Mini-Turtle™

Turtle™ 2.0 combines the securing of boxed retail products, along with EAS gate functionality. It provides improved sensitivity - by limiting false alarms from loose strapping - and streamlined installation, while ensuring excellent protection from potential offenders.

Mini-Turtle™ is the latest addition to the proven Turtle Security Tag system and offers the same robust security features in a much smaller profile.
