

Biodegradable Data Strip® Label Holder

Features and Benefits

- ◆ Biodegradable Data Strip® Label Holder contains an additive which significantly accelerates the breakdown of PVC
- ◆ Price tags and labels are protected behind clear, covered-face
- ◆ Available with transfer tape
- ◆ Built in UV inhibitor ensures long-lasting, optimal performance in store
- ◆ Tool-free installation

Eco-friendly label holder

As part of the ongoing commitment to promote the implementation of positive environmental initiatives, siffron has designed a biodegradable Data Strip® Label Holder. The Data Strip® Economy Self-Adhesive Label Holder DSE-200 contains an additive which significantly accelerates the breakdown of PVC.

When feasible and applicable, siffron also utilizes recycled materials in all manufacturing processes.
