

# Bunker Case Cross Merchandiser

## Features and Benefits

- ◆ Cross-merchandise products often bought together in bunker cases
- ◆ Universal design fits across standard Bunker cases
- ◆ Mounts with included extender arms, no hardware needed to mount
- ◆ Black powder-coated steel
- ◆ Available in two styles

## Increase sales with cross merchandiser

Effectively cross merchandise products to increase sales with the Bunker Case Cross Merchandiser. Universal design fits across standard bunker cases, in single basket or double basket styles.

Integrated extender arms securely mount to case with no hardware needed. Durable powder-coated steel construction provides long product life.

### Single Kit
