

High Heat Spatulas and Scrapers

Features and Benefits

High Heat Spatulas

- ◆ All-purpose rubber spatulas resist scratching and melting
- ◆ Spatulas resist heat up to 500°F
- ◆ Blades are stain-resistant and will not scratch your grill or cookware
- ◆ Flat or spoon-shaped blades available
- ◆ Commercial dishwasher safe
- ◆ Red handle with white blade, plastic

High Heat Scrapers

- ◆ Spatulas resist heat up to 500°F
- ◆ All-purpose rubber scrapers resist scratching and melting
- ◆ Blades are stain-resistant and will not scratch cookware
- ◆ Commercial dishwasher safe
- ◆ Red nylon handle with white silicone blade

Safe for employee use in high-heat applications

High Heat cooking utensils can be used with food product up to 500°F for reduced scratching and melting. Stain-resistant blades are gentle on cookware, but durable for heavy-duty usage to ensure that no food product gets wasted.
