

1

NOTE: Start with a clean shelf surface to ensure adhesive sets properly.

Remove Adhesive Backing from Front Fence. Align front of fence with front of shelf. Align left edge of fence with left edge of shelf. Once aligned, press fence firmly onto shelf to set adhesive.

2

NOTE: If Divider extends beyond rear edge of shelf, break off one back section of Divider.

Starting with the left side, insert front clip of Divider onto back lip of Front Fence.

3

Continue inserting Dividers from left to right. Place product between Dividers and adjust Dividers left and right to fit product facings.
