

Indoor/Outdoor Front Load Metal Sign Frame

Features and Benefits

- ◆ Durable weather resistant frame provides an upscale look both indoors and outdoors
- ◆ 1" wide mitered frame opens to accept graphics up to .0625" thick and snaps shut with spring tension for a secure hold
- ◆ Clear plastic print overlay extends signage life
- ◆ Visible graphic area .75" less than listed sign size
- ◆ Fully assembled; aluminum sign frame with back panel

Upscale look for both indoors and outdoors

Indoor/Outdoor Front Load Metal Sign Frame provides an upscale look both indoors and outdoors. Durable anodized aluminum frame hinges open to accept graphics, then "clamps" shut with spring tension for a secure, attractive presentation.

Mount to indoor or outdoor walls with included hardware, as well as pegboard or slatwall with optional brackets.
