

# Scan & Serve™ Tear Pad System

## Features and Benefits

- ◆ Maintains product exposure, and serves as a reminder for customers to inquire about items secured behind the counter or pharmacy
- ◆ Customer simply removes a sheet from the tear pad and takes it to the counter or pharmacy for purchase
- ◆ Holds tear pad with plenty of space for product imagery and key product information (tear pad, channel and header graphics are sold separately)\*\*
- ◆ Scan & Serve™ System attaches to shelf perforations with two fasteners (included)
- ◆ Side panels can be removed to allow for attachment to bow bars
- ◆ Adapters are available to attach the unit to pegboard or Uniweb panels (sold separately). Call for details.

## Proven to increase sales by up to 20%\*

For high theft categories, such as razor blade refills, allergy and digestive medications, skin care products and cosmetics, the Scan & Serve™ Tear Pad System provides a visually appealing and secure solution.

The system serves as a reminder for customers to inquire about items secured behind the counter.

For the ultimate in versatility, the innovative design allows for a variety of fixture attachments including perforated gondola shelf, bow bar, pegboard with hook, and Uniweb panel.
