

Stainless Steel Spoodles

Spoodle is a combination of spoon and ladle

Features and Benefits

- ◆ Combination spoon and ladle allows for accurate portion control
- ◆ One piece construction with no joint weld prevents collection of food
- ◆ Long black polypropylene handle for comfort and safety
- ◆ 1.0mm (.040") thick stainless steel

Provide accurate portion control

Spoodles' one-piece construction with no joint prevents collection of food, creating a cleaner utensil. Long handle adds comfort and usability.

Available in solid or perforated styles and in multiple sizes.
