

# Table Top Pineapple Peeling & Coring Machine

The ultimate machine for peeling and coring whole fresh pineapple

## Features and Benefits

- ◆ Springs on handle prevent it from falling when released and help return handle to the raised position after the pineapple is peeled and cored
- ◆ Push rod with handle allows for safe and easy removal of core
- ◆ Suction cups on all four corners provide added stability
- ◆ Blade for #8-10 size pineapple included (9922917170)
- ◆ Made of aluminum and stainless steel for rust-resistance

## Reduce labor and increase edible yield

Reduce labor cost while enhancing product presentation with Table Top Pineapple Peeling & Coring Machine. Corer peels and cores in one step, producing a high-yield product cleanly and efficiently.

Unit is adjustable to fit all sizes of pineapples. Rust-proof stainless steel and plastic construction is easy to keep clean and sanitized.
